RS Asset Management Co., Ltd.

## RS Asset Management Announce Acquisition of Fukuoka

### Nougata Solar Power Plant

A solar power project special purpose company (SPC) that RS Asset Management Co., Ltd. manages, acquired Fukuoka Nougata Solar Power Plant.

Fukuoka Nougata Solar Power Plant generates approximately 2,189,700 kWh of electricity a year, an amount equal to the annual electricity consumption of about 608 households. The power plant contributes to reduction of approximately 1,134 tons of CO<sub>2</sub> emissions per year, equivalent to the amount of CO<sub>2</sub> that 81,000 cedar trees absorb yearly.

RS Asset Management will continue to contribute to the infrastructure reform in Japan through clean and safe power supply.

※1 Calculated at 3,600kWh/year per household

※2 Calculated at 0.000518 carbon dioxide emission factor

※3 Calculated at 14 kg CO<sub>2</sub> absorption/year per cedar tree

#### ■ Summary of Fukuoka Nougata Solar Power Plant

Location	Nougata-shi, Fukuoka
Site Area	48,949 m <sup>2</sup>
Output	1,995.8kW (1.9MW)
Annual Power Generation Capacity	2,189,700kWh/year Equivalent to the annual electricity consumption of about 608 households
Commercial Operation Date	September, 2013
